Concentrated sanitizing detergent for wooden floors

Cleaning &  
Maintenance

## Saniparquet

Concentrated sanitizing detergent for cleaning lacquered or oiled wooden floors. Formulation based on benzalkonium chloride (active ingredient classified as biocide by ECHA - European Chemicals Agency), it can act quickly and effectively against germs and bacteria removing dirt and grease.

Its formulation is specific for cleaning wood floors frequently and in a non-aggressive manner. Saniparquet can be used for daily cleaning of even the most delicate surfaces, dries quickly, streak-free, does not require rinsing and leaves a delicate scent. It is effective against germs, bacteria (Gram + and Gram-), fungi, algae and spores. It is suitable for pet space.

Saniparquet complies with the cleaning protocol aimed at decontamination, according to the recommendations of the WHO (World Health Organisation) and indicated in the Italian Ministry of Health's Official Document 5443 of 22/02/2020, when used in combination with the Reset 4.2 decontaminant solution based on sodium hypochlorite.

### Technical data – 20 °C, 60% R.H.

Appearance	Blue liquid
Density	1.00 kg/litre
pH	5
Recommended amount of use	120 ml in 5 litres of water (2.3%)
Storage	24 months in original sealed packaging – Frost sensitive
Packaging	1 litre bottles, 5 litre plastic cans

### Instructions for use

Before washing the floor, remove dust and impurities with a broom or vacuum cleaner. Shake before using. Pour 2 caps of detergent into 5 litres of water. Wash the floor with a well-wrung mop or rag. No need to rinse. Alternatively, it can be applied with the Cinderella spray-mop, diluting half a cap in a water tank. It can also be applied with floor washing machines.

On the most delicate surfaces it is advisable to do a preliminary test. Do not use on wax finished surfaces.

### Ingredients

The ingredient list complies with the EC 648/2004 Regulation of Detergents – Less than 5%: Non-ionic surfactants, Cationic surfactants (benzalkonium chloride), EDTA, Perfume.

Biodegradable according to the law

### Disposal

Dispose of the unused product and empty packaging in accordance with the provisions of the local legislation in force.
